Third Grade Things

Third grade is an exciting year at Jackson! We will finish our transition from "learning to read" to "reading to learn." We will be reading a plethora of different texts across all the subjects! In writing, we will take our well developed paragraphs and turn them into a multi-paragraph writing piece. In math, we will focus on multiplication for the majority of the year. (Pro tip: start working on memorizing those facts!) As always, we will keep the fun in our learning!
